

QUIZ-1

Dear Students,

Quiz 1 of MA 214: Introduction to Numerical Analysis is scheduled on Friday, 7th February 2014 from 8:00 to 9:00 p.m. (in the evening). We have taken into consideration various constraints. The quiz will be of 10 marks and of objective type. The portion is polynomial interpolation, piecewise polynomial interpolation, spline interpolation and basic numerical quadrature rules. The seating arrangement will be informed to you later.

Tony
